

# GROOMING MOWER

## SALIENT FEATURES

- Strong 3 point linkage suitable for cat I and cat II tractors
- Rollover wheel to avoid damages and extra support
- 3 equidistant blades with high tip speed for even cut

# GROOMING MOWER

Grooming mower is a rear mounted garden equipment used to provide even and smooth cut for maintenance of grass environments like lawns, golf courses, athletic fields or any area with grasses under 8 inches length and helps in even dispersal of thin layer behind the mower.
